

WEEK WITHOUT WALLS

Wilderness Camp

Itinerary:

- Day 1: Zipline on route to Fish Eagle River Camp, Swellendam
- Day 2: River Trail on the Breede River
- Day 3: Games + Activities in Camp
- Day 4: A day out with the Elephants
- Day 5: Departure

Host and Operator: Xama Africa / info@xama.co.za / emergency cell: 0839555790

Xama Africa will be your host and facilitator for the 4-night camping experience. With over 25 years of safari and camping experience you will have the opportunity to learn some camping hacks and learn about the importance of nature conservation, fireside cooking and the beauty of nature.

As a wilderness operator we are dedicated to ensuring your safety with the knowledge of professional wilderness crew and registered paramedic.

Destination: Fish Eagle River Camp, Breede River

Description:

Fish Eagle River Camp is our private campsite situated on the banks of the Breede River, approximately 30kms from Swellendam. A safari styled camp with lush green grass and plenty of shade set within a tranquil valley. Awake to the sounds of the African Fish Eagle and look out for the resident tortoises.

The camp is set within the Renosterveld Project (as one of the last remaining biomes of indigenous renosterveld). This provides a unique natural transition of wildlife between the farmlands.

Detailed Itinerary:

Day 1: Depart from your school and head out along the N2 towards Grabouw and up into the mountains to your first adventure. Zipline through the cracks of the Cape Fold Mountains. A 4x4 open air game viewer takes you to the top with spectacular views along the way. Here you will be briefed and will start your aerial activity. Lunch is hosted by Cape Canopy Tours. After lunch continue your journey to Fish Eagle River Camp.

Upon arrival, you are greeted by your wilderness facilitators and shown around the camp. You will get the chance to settle in before some fun afternoon activities. The evening is spent relaxing around the campfire with dinner served.

Day 2: An early start to the day with a healthy breakfast served, after which we will be driven upstream to our put in point. Here we will have a safety briefing before climbing into our 2-man inflatable rafts to embark on a day of paddling, negotiating rapids and enjoying the lovely landscape. We stop for lunch on a river beach and then hit the water again, arriving back at base camp in the early afternoon. As it's been a busy day on river we relax in camp until dinner is served.

Day 3: Awake to the sounds of the birds chirping. After breakfast we take a moderate walking trail to a private river beach, where we take part in sandcastle competition, some water volleyball and games and activities. Mid-afternoon we get transported back down into camp where teams will be asked to practice and perform a talent show around the camp that evening. This promotes teamwork and creativity!

Day 4: Today we head out of camp for the day. After an early morning wake up call for coffee and rusks, we hop on the bus with our on-the-go breakfast packs. A 1hr45min drive to Indalu Game Reserve where we will get the opportunity to walk with the gentle giants of Africa – the elephants. There will be other opportunity to spot some antelope, giraffe and even a rhino or two. Before participation a strict safety brief is given and a gentle reminder of the dos and don'ts for the activity. Picnic style lunch is served at the reserve before we embark on our journey home. Once we return to camp there will be time to freshen up before dinner is served.

Day 5: Its departure day. A light breakfast is served before bags are loaded onto the bus and farewells are said. Enjoy a scenic drive back home. We hope you enjoyed your stay!

What to bring: Sleeping bag, pillow, cutlery and crockery, torch, camera (optional), comfortable walking shoes/hiking shoes, costume, towel, clothes, warm jacket, hat, SPF50, toiletries, personal medication, binoculars (optional)
